

THE “AGENDA ARCHIVE” OF THE DESERT AND MOUNTAINS CONSERVATION AUTHORITY, (D&MCA). SURE APPEARS LIKE A GOVERNMENTAL FRONT FOR A CLEARINGHOUSE FOR STOLEN PROPERTY RATHER THAN SOME “OFFICIAL” GOVERNMENTAL ENTITY CREATED AND USED TO HELP THE “PEOPLE”...

FROM 2006 TO 2015 (8 YEARS) THERE HAVE BEEN 15 MEETING WITH MINUTES AND 24 CANCELLATIONS. WHAT DOES THIS ENTITY DO BESIDES HOLD THE STOLEN 650 ACRES?

HOW ABOUT THE CURRENT MEETING AGENDA FOR THE D&MCA?

Current Meeting & Agenda

(no meetings scheduled at this time)

HOW ABOUT ANY FUTURE PROJECTS FOR THE D&MCA?

Projects

Upcoming.....

AND THE HOME PAGE STATES:

“The rapid growth of residential and commercial growth in the northern portion of Los Angeles County (and in surrounding areas within the AVRCD) has driven increasing loss and fragmentation of habitat, resulting in degradation of the area's natural biodiversity. This creates an urgent need for proactive efforts to identify, acquire, and manage areas that will preserve open space and the natural resources of the region.

The D&MCA has been established to identify, acquire and manage open space lands within the boundaries of the two founding agencies for long term conservation benefits. **It provides a capability to cooperate with local government and developers** in creating an offsite mitigation program to offset open space loss and improve habitat for species such as burrowing owls, desert tortoise, alkali mariposa lilies, Joshua-juniper woodlands, and so forth.”

IT APPEARS THE EMPHASIZED PORTION DIRECTLY EMBODIES THE MISSION OF
THIS GOVERNMENTAL ENTITY.
